

It's Mowing Time Again

The Montgomery Trace POA has contracted with The Lawn Ranger again this year to mow the right-of-way on each property in Montgomery Trace. If you were not satisfied with the way your grass was mowed last year and want to mow this area yourself, you should contact Chaparral Management at 1-866-537-0957 and speak with Gloria Lee about this. A marker will be placed on your property indicating that you do not want the lawn service to mow this area. Otherwise, your property will be mowed 2-4 inches high.

The mowing service schedule for 2009 is:

Property owner right-of-ways and parks:

March--1 mowing,

April thru July—2 mowings each month,

August and September—1 mowing each month.

Horse Commons –Section 4 (5 acres)

March thru September—1 mowing each month

Rolling Oak Fence Maintenance

March and June—1 mowing each month

The schedule is dependent on needs due to varying weather conditions. If you have any problems please contact:

Joe Collins at 936-273-0507 for Sections 1-4 or

Joel Friedel at 936-447-3408 for Sections 5-10.

Both Joe and Joel are committed to working with property owners to resolve any problems.
